

Navigating Nursing : Addressing Challenges in Nursing Research and Profession

- **Date** : May 22 (Thur.), 2025, 09:00~17:00
- **Place** : Grand Hall, Pusan National University College of Nursing (Yongsan Campus)
- **Host** : Pusan National University College of Nursing, Research Institute of Nursing Science

Welcome Message

It is with great enthusiasm that we invite you to join us for the 70th Anniversary International Conference of Pusan National University College of Nursing. This conference will explore and discuss how various methodological approaches in nursing research and practice ultimately contribute to the core values of nursing. Over the years, nursing has made steady progress thanks to the dedication of numerous researchers and practitioners. However, it continues to face significant challenges in society and healthcare, including diversity, innovation, and the pursuit of universal values. In light of these challenges, this conference will serve as a meaningful platform to reflect on the future direction of nursing. We sincerely look forward to your interest and participation and hope this event will provide an enriching opportunity to share knowledge, experiences, and insights.

Director, Research Institute of Nursing Science **Hyun Mi Son**
Dean, College of Nursing **Ihn Sook Jeong**
